# 2: FARM ADVENTURE

## 1. Watch and Learn

Students watch educational video segments covering key topics in this unit. The main character, Frog, teaches them new vocabulary and concepts during his adventure. Students are encouraged to repeat the words out loud to practice proper pronunciation and read along with subtitles. For additional reading practice, students at the advanced level can turn off the sound and read the subtitles on their own. Beautiful, real-life visuals help students comprehend the new vocabulary and learn new academic concepts.

## 6. Take A Speaking Quiz

Students demonstrate their verbal communication skills by taking a speaking quiz. Students are asked to describe what they see in the picture collage that covers key topics for this unit. After recording their answer in an audio file, they upload the file to the quiz. Teachers can listen to the recordings by clicking on the Gradebook - Submitted Essays. Once they grade the recording, the score appears in both the student's gradebook and the teacher's gradebook.

# 10. Practice Writing

These versatile worksheets give students the opportunity to practice their spelling and writing skills by labeling the colorful pictures on the worksheet. They can also use their imagination to write a story based on what they saw in the video, while utilizing vocabulary words from a word bank.

For younger students who are not ready to write, coloring sheets allow them to review the vocabulary and practice their fine motor skills.
